

Summerseat Steps in Vocabulary – Art

Nursery	Reception	Key Stage One	Lower Key Stage Two	Upper Key Stage Two
Art Vocabulary				
<p>Vocabulary in art may be introduced at an earlier point in the curriculum than where we would expect children to be able to remember and apply the term, for example tint and tone are introduced in KS1 but are not expected to be remembered until UKS2.</p> <p>Each year group has key art vocabulary linked to colour, pattern, texture, line, shape, form and space. This vocabulary must be taught within the year group but reference to previous year group’s vocabulary is essential in order for children to secure their understanding of the technical art vocabulary and skills. Children should use this art vocabulary when they are talking about artwork as well as when they are annotating work in their sketchbooks.</p> <p>Colour pattern – a design where shapes, forms, colours or lines are repeated texture – how something feels or looks like it feels line – a mark made on a surface between two points shape – a two-dimensional design created by a closed line. form – objects that are three-dimensional space – the space around and between objects, including background, middle ground and foreground.</p>

There is also vocabulary that is specific to the concepts within our curriculum. This is outlined below.

Words in green are the point we expect children to remember and use the vocabulary. Black is where it is introduced. There is significant overlap for some areas with the sections above, where this is the case, it is not repeated. E.g. line and drawing overlap significantly. Painting and colour overlap considerably.

Drawing (Including sketchbooks)

KS2 - Create sketch books to record their observations and use them to review and revisit ideas.

HB pencils of varying weights to be used across both key stages. Sketch books to be used for all drawing skills and prior to other art skills e.g. painting, collage.
